

Our 23 hectare vineyard was named by the Townsend family in 1905, after their home town of WOODSTOCK in Oxfordshire, England (not after the music festival!) The word 'WOODSTOCK' means a small "clearing in the woods".

This building was uniquely designed to fit amongst the towering gum trees so that not one tree had to be cut down. The rammed earth walls were built by my family in 1988 to complement this unique Australian landscape. The name 'Coterie' means a gathering of people for a specific purpose... at WOODSTOCK this includes great food, good company and fine wines!

The Coterie kitchen team has a philosophy of honest, seasonal dishes, showcasing the best local ingredients with attention to detail. We make our own bread, butter, pasta, pâté, sauces, pastes and chutneys. We use ethically sourced and organic produce where possible, both from our Estate and from passionate local suppliers (including our own elaborate veggie patch). We are proud supporters of the RSPCA's 'Choose Wisely' campaign.

Thanks for choosing WOODSTOCK!

Cheers,

Scott Collett, Director

Our favorite local suppliers:
